

ABOUT US

The WORLD's #1 SUSTAINABLE HANGER BRAND

Arch & Hook is dedicated to shifting the world to a sustainable solution to the tens of billions of clothing hangers that end up in landfill and the oceans annually.

To that end we have developed and implemented the following sustainable hanger programs:

- **FSC® certified Wood hangers** - All wooden products are produced using sustainably sourced wood and are FSC® (Forest Stewardship Council) certified
- **Mission-E®** - Produced using a high-grade plastic that is recycled, upcycled and 100% recyclable after use.
- **A&H Blue®** - Derived from 100% upcycled marine plastic waste from the oceans and is 100% recyclable at the end of its life.
- **Arch & Hook Blue®** is post-consumer plastic that is ocean bound
- We believe that we, as an industry, have a responsibility to care for the earth.

OUR LOCATIONS

Arch & Hook was founded in Amsterdam by Sjoerd Fauser and Anne Bas in 2015 and is now providing game-changing innovation in the global hanger industry.

AMSTERDAM
The Netherlands

LONDON
England

NEW YORK
United States

OBERHAUSEN
Germany

PARIS
France

SYDNEY
Australia

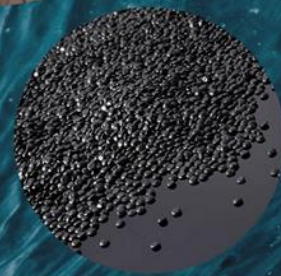

FSC®
Arch & Hook only produces with sustainably sourced wood, which is certified by the Forest Stewardship Council.

ARCH & HOOK

OUR PRODUCTS

Mission-E®
Mission-E® is a high grade plastic hanger program made from recycled and upcycled materials that are 100% recyclable after use.

Arch & Hook BLUE®
Arch & Hook BLUE® is a 100% upcycled, closed loop program, using plastic waste collected from the oceans. The BLUE® soldier is the sustainable solution for Garment On Hanger.

'Every year, 13 million tons are dumped into the ocean. This is the same as 6.400 KM/ 3.975 MI of trucks each loaded with garbage. (World Economic Forum)'

FSC®-CERTIFIED WOOD

SUSTAINABLE

FSC® certified wooden clothing hangers

BEECH WOOD

Many inferior hangers are derived from Lotus wood

What is FSC®

A&H are certified by the Forest Stewardship Council®, an independent, non-profit organization that protects forests for future generations.

Arch & Hook's wooden hangers are solely crafted from sustainably sourced woods.

DEFORESTATION

Up to 27 soccer fields of forest is destroyed every minute.

Arch & Hook targets deforestation by exclusively using FSC® certified wood.

OUR DNA

RESEARCH & DESIGN

Custom design
Inhouse prototyping
Innovation

SUSTAINABILITY

MISSION-E® - fully recyclable
FSC® - sustainable wood production
BLUE® - marine plastics

PRODUCTION

In-house production
Preferred supply chain
High quality material

LOGISTICS

Global delivery and storage
Never out of stock
Inside-out approach

VALUE

Excellent price/quality ratio
Warranty up to 4 years
